

Milestone Project-1

McDonald's Sales

Purpose:

This project aims to build a dashboard for effective tracking and analysis of McDonald's business operations, sales, and key performance indicators (KPIs).

About McDonald's:

McDonald's is the world's leading quick-service restaurant brand, serving over 69 million customers daily in more than 100 countries.

Milestone Project-1

Questions:

- What is the total sales revenue for each category of menu items?
- How many orders are placed each day?
- Which menu item is the most frequently ordered?
- What is the total revenue generated by menu items?
- How does the revenue of each category compare over months?
- What is the average number of items per order?
- How do order volumes vary by time of day?
- How do sales trends differ across weekdays and weekends?
- How does the sales performance vary by category over different months?
- Compare the sales of top 5 menu items.

McDonald's Sales Dashboard - Key Highlights

- **1. Overall Performance**

- Total Sales: \$61,626.29
- Total Orders: 5,370
- Average Items per Order: 2.28
- Most Sold Item: Side Salad

👉 This shows steady demand with customers ordering more than 2 items per bill on average.

- **2. Daily Order Trend**

- Orders peaked in **January (1,845)**.
- Dropped in **February (1,685)**, possibly due to seasonal slowdown.
- Recovered in **March (1,840)**, showing stable growth.

CONCLUSION

- **Burgers dominate revenue** with ₹21,639.01, followed by **Chicken (₹12,393.50)** and **Pasta (₹9,223.05)**.
- **Top-selling items (by volume):** Side Salad, Big Mac, and Bulgogi Burger.
- **Top revenue item: Meatball Marinara (₹4,261.26)**, followed by Angus Third Pounder and Quarter Pounder with Cheese.
- Sales peak during **lunch (12–1 PM)** and **dinner (6–7 PM)**, confirming strong rush-hour demand.
- **Low-performing categories** (Breakfast, Wraps, Salad, Shakes) present opportunities for improvement via promotions or combos.
👉 “Core items and busy hours bring maximum sales; boosting low-performing categories can unlock extra growth.”
